

'Hold Your Breath'
(Fixers: Ryan Mather, Liam Allen and Sandy Nicholson)

Verse 1:

Well I've two heads and half a mind
It's difficult to take the time
To look back on the way things used to be

But now I've left the past behind
I'll pay some kindness back in kind
And say delivered, sealed and signed
That you can still be free

Prechorus 1:

Of the shame they made us feel inside
With our broken backbones and chewed up pride
But you'll find a way to take it in your stride

Chorus:

They'll scream
They'll shout
They'll close the doors around you

They'll make you feel like you're alone
Well time is a broken glass that's splintered on the wall
But the picture is coming back now and we're going to take it all
You've been stumbling for so long but you're never going to fall

Verse 2:

Staring at the clock face I
Remember feeling so unsafe
I'd hold my breath each time I turned a corner

And I'd broken every mirror just to
Make the picture clearer knowing
What I felt inside was just
Another place to hide

Prechorus 2:

But I

I can't tell you what it feels like

But I

Oh I know that it's going to be alright

Chorus 2

Middle 8:

I think it's my life

And I'm going to spend more time

Tying to think and do more things that

I think are right, I'm going to raise my voice today

I don't know how long it'll take but I know

That we'll be okay

We'll scream

We'll shout

We'll change the world around them

We'll let them know we're not alone

We'll show the world that we're alright
